

Company: Canadian Business College

Role: Database Administrator Instructor

Company / Program Description:

Incorporated in 1992, the Canadian Business College (“CBC”) is an award-winning Private Career College that offers a broad range of professional training and diploma programs in Database Administrator, business, law, computer programming, graphics, child care, and health care. CBC offers courses through its three campuses in Toronto, Scarborough and Mississauga. Recent awards include (i) Gold Consumers Choice Award for Business Colleges in Toronto (2012), (ii) Gold Consumers Choice Award for Computer Training in Toronto (2012) and, (iii) Top Choice Award for Business Schools in the GTA (2011).

The course offers students training in Oracle Database and Linux. Graduates enjoy careers as Database Administrators, a field that is growing rapidly and demanding skilled workers.
